

RACING SYNDICATES

You know the feeling of excitement and nervous anticipation when you go racing. The atmosphere around the parade ring, the famous people, the horses eager to race, the enthusiastic crowd and the sensation of cheering home the horse you have backed. Well, can you imagine the euphoria if you actually owned that horse? It is an experience that is difficult to express in words but one you will never ever forget.

Now you have an amazing opportunity to experience this emotion for yourself by purchasing a share in a Kim Bailey Racing Syndicate, an easy and beneficial way for you to become a racehorse owner.

The majority of the syndicates consist of 10 owners, giving you a significant share at a reasonable price. However, if you prefer a larger stake you can purchase more in multiples of 10% enabling you to join a smaller syndicate. If we feel it will be worthwhile, especially with a higher priced horse, there may be the occasional syndicate with the maximum of 20 owners.

Unlike other partnerships the Kim Bailey Racing Syndicates have their own identity, therefore:

- You own the horse
- You name the partnership ie. Ace in the Pack Partnership
- You choose the racing colours
- You also decide on a name for the horse (if un-named when you purchase your share).
- Your partnership has its own bank account
- You can visit your horse at a convenient time 7 days a week with family and friends
- You receive 2 racecourse badges every time your horse runs

When you hear 'they're under starters orders and they're off', the horse will not be the only thing that is racing but your heart will too.

Call Peter Kerr now on 07901 763643 to find out more about our latest available partnership horses.
